DIVISION FOR THE VISUALLY IMPAIRED

Not having sight doesn't mean you don't have a vision! As the oldest agency of the State of Delaware, utilizing education, outreach, training and technology, DVI works to strengthen the capacity of our agency, our consumers and the community so that those who are blind and visually impaired may become and/or remain, employed, independent and self-sufficient. Learn about when vision loss impacts your job, and how to handle it with available resources.
