Unity of Effort in a Positive Direction: Core Development Session

The entire organization concentrates on supporting front line performance and delivery in a way that frontline employees have the very best performance so that customers can have the very best service, products and experiences

Objectives: Upon completion of this session participants will be able to:

- Articulate the role of learning and development professionals in a Unity of Effort framework
- Experience interactive exercises that demonstrate ways to accelerate progress
- Use the Unity of Effort Core Questions in real life, real time situations
- Identify how a Unity of Effort framework might function in their respective organizations
