USING TECHNOLOGY IN THE CLASSROOM

Technology integration is the use of technology resources -- computers, mobile devices like smartphones and tablets, digital cameras, social media platforms and networks, software applications, the Internet, etc. -- in daily classroom practices

Join us as we learn about how instructors incorporate technology into their lesson plans. Lori Collier will demonstrate how she uses Linkedin Learning in the classroom.   Eric Stephenson will demonstrate how he uses Skype to conduct virtual classroom sessions. Veronique Link she uses Zoom to connect people remotely into the classroom.
