November General Meeting

The Nov. General Meeting explored two very different topics. Surprisingly, most of the meeting covered the ins and outs of recycling in Delaware. We all learned the “right” way to recycle and why.

The November General meeting conclude with a presentation from STAND member, Tracey Connolly. Tracey explored the various aspects of classroom management. The group explored what to do before a session to setup yourself up for success. Challenges during a session, like participants, were also reviewed.

Jan. General Meeting

- Mental Health Support Following A Disaster
 - This specialized training provides perspectives on injuries and trauma that are beyond those physical in nature. The model of response to be presented is readily applicable to public health settings, the workplace, the military, faith-based organizations, mass disaster venues, and even the demands of more commonplace critical events, such as dealing with the psychological aftermath of accidents, robberies, suicide, homicide, or community violence. Jim Deel is psychiatric social worker with the Department of Health and Social Services, the Division of Substance Abuse and Mental Health, Crisis Intervention Services for Southern Delaware. He is also a Delaware Medical Reserve Corps volunteer.
