July General Meeting

STAND went VIRTUAL for our July meeting for the first time! In concert with this approach, attendees discussed how to convert training from classroom delivery to virtual delivery. The first virtual meeting was a huge success and very well attended.

September General Meeting

After the success of July's successful virtual general meeting, STAND will once again go virtual in September. Join us at the next meeting where we will be guided by STAND member, Jaime Buffaloe, in a presentation on transforming our leadership abilities. Transformational Leadership is an approach in which leaders inspire and motivate members to create positive change in an organization.

This interactive workshop aims to develop more dynamic and creative "transformational trainers" that will increase employee morale, better job performance, and promote a healthy learning culture.

The link to access the meeting and additional details will be provided.
