De STAND

January General Meeting

Attendees experienced the fun activity of sharing their best practices, which helped identify useful tips that could be used in a variety of situations by other STAND members. Attendees discovered what

others have done to answer such questions as *"What is the most inventive way that you have used technology in the classroom?"* It was a great way to start off the new year!

March General Meeting – 3/13/2020

Join us as we explore **THE BRAIN ARCHITECTURE GAME!** Lori Collier will facilitate the brain architecture game. This game helps people appreciate the impact of early childhood experiences on outcomes across the lifespan. It is a tabletop game experience that builds understanding of the powerful role of experiences on early brain development– what promotes it, what derails it, with what consequences for society.

Visualizing the Full Impact

You went through all the hard work of creating a program, you delivered it, and everyone loved it. How do you really know it was successful? Come learn how to measure the full impact of your training programs based on training goals.

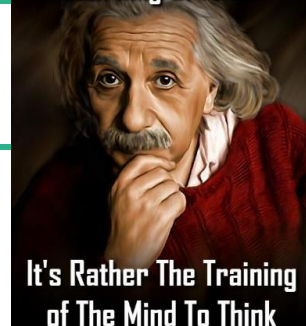

- September 11, 2020
- All day
- Buck Library, Buena Vista, New Castle DE

Resource Sharing

We post many of the resources we share during general meetings on our website. We also add them to discussion boards in our connect community in the Delaware Learning Center (DLC). DLC users can find the community by selecting "Connect" on the main menu and then the title of our community. After that, click the "Join" button.

**Education is Not The
Learning of Facts**

**It's Rather The Training
of The Mind To Think**
