September General Meeting

STAND continued leveraging the virtual environment for September's Meeting. Jaime Buffaloe led STAND members through an exploration of Transformational leadership. Transformational Leadership is an approach in which leaders inspire and motivate members to create positive change in an organization.

This interactive workshop helped us become more dynamic and creative "transformational trainers". With this new knowledge we can help our agencies increase employee morale, promote better job performance, and foster a healthy learning culture.

November General Meeting

Congratulations to Sarah Wood for being the most recent beneficiary of the STAND Up for Learning program! Sarah attended the virtual on-demand training "The Tireless Trainer" offered by The Training Clinic. In return for her sponsorship, she is going to share what she learned with us.

We all know that feeling of being absolutely drained of energy at the end of a training session. Training, or even coordinating large training events, is hard, physical work and some days we are more up for it than others. Join Sarah and the rest of us to learn some tips and techniques to protect your health, renew your energy, and avoid the pitfalls that create fatigue.

Resource Sharing

We post many of the resources we share during general meetings on our website. We also add them to discussion boards in our connect community in the Delaware Learning Center (DLC). DLC users can find the community by selecting "Connect" on the main menu and then the title of our community. After that, click the "Join" button.
